## WE SELECT THE BEST

## INGREDIENTS. NATURALLY.

TECHNOLOGICAL ADDITIVES

SENSORY ADDITIVES

NUTRITIONAL ADDITIVES

ZOOTECNICAL ADDITIVES

FEED INGREDIENTS

FEED INGREDIENTS

### ACIDIFIERS AND PRESERVATIVES

- Acetic acid / Acetates
- Benzoic acid / Benzoates
- Citric acid / Citrates
- Formaldehyde
- Formic acid / Formates
- Fumaric acid / Fumarates
- Lactic acid / Lactates
- Lignosulfonic acid
- Malic acid / Malates
- Phosphoric acid
- Propionic acid / Propionates
- Sorbic acid / Sorbates
- Blends (dry, liquid)

### SILAGE PRESERVATIVES

- Lactobacillus
- Sodium sulphate
- Blends (dry, liquid)

### BINDERS, ANTI-CAKING AGENTS AND COAGULANTS

- Arabic Gum
- Bentonite
- Colloidal silica
- Guar Gum
- Lignosulfonates
- Blends

### EMULSIFYING AND STABILIZING AGENTS, THICKENERS AND GELLING AGENTS

- Gelatin (porc, bovine, fish)
- Lecithin
- Mono- and diglycerides of fatty acids
- Pectin

### ANTI-OXIDANTS

- Butylhydroxyanisol (BHA)
- Butylhydroxytoluol (BHT)
- Etoxyquin
- Glucono-delta-Lacton
- Blends (dry, liquid)

### ACIDITY REGULATORS

- Ammonium carbonate
- Calcium hydroxide
- Hydrochloric acid
- Potassium hydroxide
- Sodium hydroxide
- Sulphuric acid

### NATURAL FLAVOURS

- Essential oils
- Natural Vanillin
- Plant extracts
- Blends

### SYNTHETIC FLAVOURS

- Monosodium glutamate (MSG)
- Saccharin
- Vanillin (Ethyl)
- Blends

### NATURAL COLOURS

- $\beta$ -Carotene
- Caramel
- Chlorophyll
- Paprika
- Blends

### SYNTHETIC COLOURS

- Carotenoids
- Ponceau 4R
- Xanthophylls
- Blends

### AMINO ACIDS

- Arginine
- Lysine (HCL / sulphate / liquid)
- Methionine
- Threonine
- Tryptophan
- Blends

### VITAMINS

- $\beta$ -Carotene
- Betaine (liquid, corncobs, HCL, anhydrous)
- Biotin
- Carnitine
- Choline chloride (liquid, corncobs, silica)
- Inositol
- Nicotinic acid / Niacin
- Taurine
- Vitamin A
- Vitamin B1, B2, B6, B12
- Vitamin C
- Vitamin D3
- Vitamin E
- Vitamin K
- Blends (dry, liquid)

### TRACE ELEMENTS

- Cobalt (sulphate / carbonate)
- Copper (sulphate)
- Ferrous (sulphate / oxide)
- Iodide (Calcium, Potassium)
- Iron (sulphate / carbonate / oxide)
- Manganese (oxide / sulphate)
- Molybdenum (Sodium)
- Selenite (Sodium)
- Zinc (oxide / sulphate / chloride)
- Blends

### UREA AND DERIVATIVES

- Urea
- Urea solution

### DIGESTIBILITY ENHANCERS

- Amylase-Enzymes
- Phytase-Enzymes
- NSP-Enzymes
- Blends

### GUT FLORA STABILISERS

- Lactobacillus
- Saccharomyces cerevisiae
- Blends

### MACRO MINERALS

- Ammonium chloride
- Calcium (carbonate / sulphate / chloride)
- Calcium hydroxide
- Magnesium (oxide / sulphate / chloride)
- Phosphates (MCP, DCP)
- Potassium (carbonate / chloride)
- Sodium (carbonate / bicarbonate / chloride)
- Sodium gluconate
- Blends

### PROTEINS

- Blood meal
- Blood plasma
- Bone meal
- Corn gluten
- Feather meal
- Fish meal
- Full-fat soy toasted
- Haemoglobin powder
- Meat meal
- Potato protein
- Rumen protected soy
- Soy protein concentrate
- Wheat gluten
- Yeast Cell Extracts
- Blends

### FATS AND OILS

- Animal fats
- Fish oil
- Rumen protected fat
- Vegetable fats (palm / cocos)
- Vegetable oils (soy / rape / sunflower)
- Blends

### SUGARS AND SWEETENERS

- Acesulfame K
- Aspartame
- Dextrose
- Fructose
- Lactitol
- Maltodextrin
- Saccharose
- Sodium cyclamate
- Sodium saccharin
- Sorbitol
- Blends

### GRAINS AND SIDE PRODUCTS

- Corn flakes
- Corn gluten meal
- Corn starch
- Pregelatinised starch
- Wheat starch

### DAIRY PRODUCTS

- Lactose
- Milk powder
- Milk replacers
- Protected soy
- Whey powder
- Whey-fat powder
- Blends

### FOOD IDENTICAL INGREDIENTS

- Chondroitin sulphate
- Creatine monohydrate
- Glucosamine sulphate
- Sodium erythorbate
- Blends

### MISCELLANEOUS

- Glycerine (raw)
- Mono propylene glycol (MPG)
- Blends (dry, liquid)
